

Catalyst and Collaborative Project Grant Proposal Application

About the Pastoral Excellence Network

The mission of the Pastoral Excellence Network (PEN) is to encourage and support pastors, congregations and church-related organizations in a network which can strengthen and sustain excellent pastoral leadership for creative and effective service to the church.

- We work with congregations and church-related organizations to help new pastors get the best possible start in ministry.
- We help organizations learn to equip more experienced pastors in building peer communities of support and learning.
- We gather and share practices and resources about the transition from seminary into ministry and clergy peer learning models; offer consultations for denominational and organizational leaders hoping to initiate or expand programs; host events about starting and enhancing programs; train facilitators to lead clergy peer learning and new clergy programs; and create clergy peer learning experiences that introduce new constituencies to the insights of peer learning for pastoral excellence.
- We network together pastors and church-related organizations that are committed to pastoral excellence so that they might learn from each other's experience and wisdom and work collaboratively to strengthen efforts.
- We offer modest grants as seed money to help organizations launch new or enhance existing pastoral excellence programs.

Catalyst and Collaborative Grants

Catalyst and Collaborative Grants are intended to provide funding for projects that expand the impact of the work of the Pastoral Excellence Network and to develop a body of wisdom and practice regarding the transition into ministry for new clergy and/or sustaining pastoral excellence throughout each season of ministry.

The Pastoral Excellence Network will receive proposals from tax-exempt, church-related institutions for matching funds for any one of the following purposes:

- A. To support the planning and development of new programs which assist new pastors in making a strong transition into ministry (one-time grant up to \$25,000).
- B. To support the planning and development of new programs that foster sustaining pastoral excellence for clergy in any season of ministry. Plans which explain how a new program will be sustained beyond the grant funding period must be included with the application (one-time grant up to \$25,000).
- C. To develop print or multi-media learning resources to share wisdom and practices in ways that others can use (up to \$10,000).
- D. To support innovative collaborations of current programs to gather around common questions, topics, practices, or learning goals (up to \$15,000).
- E. To enable current programs to meet with other church institutions to expand their programs in new ways or to assist others in launching new programs (up to \$15,000).

Proposals must be received by November 1, 2016. We encourage you to (a) let us know of your intention to apply in advance by sending us an email; and (b) submit your proposal prior to the deadline to allow us to provide feedback.
